Data Collector for INRIX/ParkMe

About Us:
ParkMe licenses parking data for car navigation to companies like Waze, Audi, and BMW. ParkMe was acquired and is now the Santa Monica office and parking data headquarters of INRIX. We believe that technology and data can help drivers get to their destination faster, smarter, and safer, and alleviate traffic congestion in cities across the world.

About You:
ParkMe needs tech-savvy and hard-working individuals to collect field data on parking. This data will be used to test and improve our parking data. You must have the following:
- A recent and capable smartphone model with a data plan.
- You can easily find your location on a map. You can point out the block and side of street that you are on.
- Attention to detail and sharp observation. The ability to execute technical testing and data collection methodologies accurately and precisely.
- Accountability and reliability. You take ownership of your work. You see projects to their completion. We can depend on you to deliver the data on time.

Preferred Qualifications:
- Proficient with Google Docs and Microsoft Office
- Cartophile. Student, enthusiast, and/or practitioner of GIS
- Active lifestyle. You like to go on jogs and/or bicycle rides
- Explorer. You enjoy exploring the neighborhoods of your city.

About the Job:
ParkMe strives to build the most comprehensive and accurate parking dataset of the world, and we need "ground truth" (information gathered on-site) to test and improve it. You will be provided a map of locations to visit and detailed instructions on how to correctly conduct the survey at the locations by taking photos and entering notes using our app.
These parking surveys answer questions like: how many parking spaces are open and available, and how much does it cost to park? We take these surveys in many cities on a regular basis.
This is a contractor position, the wage is $15 per hour, and payment will occur within fifteen (15) days after receiving your invoice.

Next Steps:
Email a resume AND cover letter to Isaac.Nelson@inrix.com. Tell us about yourself and why you think you are a great fit for the job. Please also provide:
- Smartphone model
- Primary email
- Phone number
- Which of the following time bucket or shifts you are available to work:
  - Mon-Thu: 6am-12pm
  - Mon-Thu: 12pm-6pm
  - Mon-Thu: 6pm-12am
  - Fri-Sun: 6am-12pm
  - Fri-Sun: 12pm-6pm
  - Fri-Sun: 6pm-12am
