GIS Specialist

**R.O.W. Advisors, LLC** announces a part-time job opportunity, to begin as soon as possible.

**Nature of Work:** R.O.W. Advisors, LLC provides professional Corporate Real Estate Consulting, Land & Right of Way Acquisition Services, and Utility Relocation & Permitting Services to corporations, public/private agencies, utility providers, and privately held entities.

The GIS Specialist would be responsible for the creation, updating, and management of maps and exhibits related to transportation projects. Candidates must possess the ability to combine and layer county parcel shapefiles, surveyor data, engineering design plans and aerial base layers.

**Qualifications:** Extensive experience with ArcGIS. Experience with layering multiple sources (shapefile, CAD, Microstation, KMZ, etc.) into a single fluid work product. Ability to read engineering plans such as Plan & Profile sheets and ability to read and interpret cross sections a plus.

**Compensation:** $25/Hour. Student can earn internship credit (GIS 484 or GIS 584) if desired. See [http://geoplan.asu.edu/interncredit](http://geoplan.asu.edu/interncredit) for full credit requirements.

**Time Requirement:** This opportunity is for part-time contract work. Tasks and deadlines will be assigned with freedom to allocate working hours so long as deadlines are met. Estimated initial hours per week is 10+.

**Location:** 1430 E. Indian School Rd, Phoenix, AZ 85014

**More Information:** Collin Stevens - collin@rowadvisors.com

**To Apply:** Send a resume and the name of one reference who can comment on your abilities for this internship to: Collin Stevens, General Manager: collin@rowadvisors.com

**Deadlines:** Apply for position by 6/30/2018
